

Clinically-Backed Relief For Neck & Shoulder Pain

The MOVE+ is a wearable red + near-infrared light therapy device designed to target sore neck and shoulders at the source - helping reduce pain, ease stiffness, and support recovery.

- Scientifically Proven Technology
- Trusted by Doctors and Pro Athletes
- Designed for Easy Use at Home

SHOP MOVE+

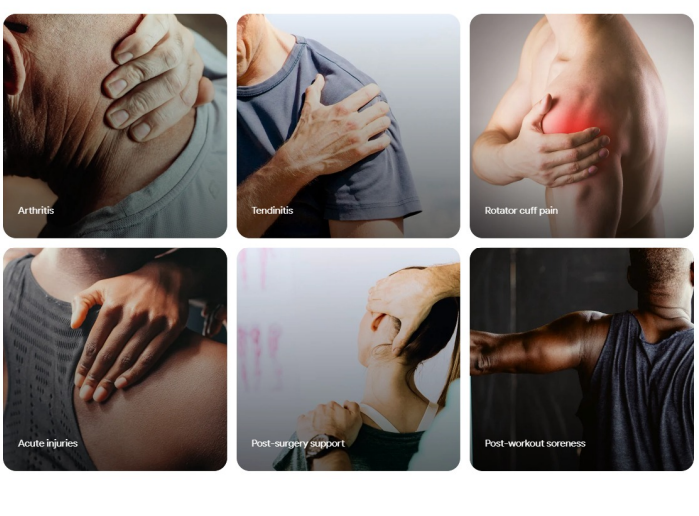

Neck and shoulder pain rarely stays in one spot.

- Tight traps, knots, and tension headaches
- Shoulder pain when pressing, reaching, or sleeping
- Desk posture soreness that never fully goes away
- Old injuries that flare up after training
- Stiff neck rotation
- Pain that moves from neck into shoulder (or vice versa)

USE CASES

How Targeted Light Therapy Can Help

How the MOVE+ Helps Relieve Neck & Shoulder Pain

- Helps reduce pain and soreness
- Helps ease stiffness and tightness
- Supports tissue recovery over time
- Helps calm inflammation
- Supports circulation and cellular energy (ATP)

FAQS

Got Questions? We Have Answers!

What's your 30-day free trial policy?

If you're not completely satisfied with the results after 30 days of continuous treatment, we will offer you a refund or further guidance.

All we ask is that you use the MOVE+ Pro 3-5 times per week for 5-15 minutes per day over 4 weeks. If there is still no improvement, we will provide you with a refund.
